Dear Sam

Supper Club Wellington 2010

Thank you very much to you and your team at Vision Media Systems for your support of our Supper Club event. We would not be able to get our message across to all of the guests without the fantastic technology and support your team provides on the night. The success of our most prestigious fundraising event relies entirely on the generosity of local businesses, and we sincerely appreciate your efforts in working with us to make this such an outstanding event.

Our premiere fundraising event continues to gain momentum – this year, we hosted more than 350 guests who enjoyed exceptional cuisine at forty-two of Wellington's finest eateries, plus two unique dining experiences at venues across the city.

This year, Supper Club Wellington raised nearly \$70,000 – a tremendous target we would not have been able to reach without your support. All funds raised will be going toward the building of our brand-new, bigger and better Ronald McDonald House Wellington, enabling us to provide even more families in need with a home-away-from-home at a time when they need it most.

We are honoured and truly grateful to have your support, and thoroughly enjoy working with you and your team. We look forward to working with you again to make our next fabulous event a success!

Warm regards,

Rebecca Edmonds
Events and Donor Communications

*A pleasure to work
with you and your
team!
